Charnwood GP Network will be offering COVID-19 Vaccination drop-in clinics at the Charnwood Borough Council office on Southfields Road in Loughborough on

Sunday 21st March between 8.30am -12.30pm and 1.15pm - 4.30pm

and

Monday 22nd March between 8.30am - 12.30pm

If you are aged over 50 or in an at-risk health group, live in the Charnwood area and would like to have a vaccination please come to the centre at these times.

We will be using the AstraZeneca Vaccine

This is the first time that we have run a drop-in clinic and we are unsure how many people will want to attend so please be aware that you might need to wait/ queue for some time or if demand is too high we may have to ask you to come back on a different day. Please accept our sincere apologies if this does turn out to be the case.

Going forward we will be continuing to offer pre-booked appointments as well if you would prefer to book through your local surgery for one of these.

Charnwood GP Network
